**Time: 6 pm to 7 pm**

**Venue: Google Meet**

**Footfall: 150 participants**

**D'Lang Chaps - The literary and managerial society of GTBIT organised an insightful workshop on 'How to Crack Interviews'. The event was held on the 1st of September 2022, from 6:00pm to 7:00pm, on Google Meet. The speaker for the event was Mrs. Prerna Chauhan, a senior faculty working at T.I.M.E, with 15+ years of experience in the education sector. Numerous students who have received calls from IIMs for GD/PI have benefited from her training and mentoring. The whole event was live streamed on the official YouTube channel of DLC. The event saw an attendance of 100+ participants (including the live stream).**

**The event started with a brief introduction by Anshita Arya, the creative head of DLC. Ms. Prerna began by discussing the cornerstones of personality development: Introspection; Self-Assessment; Self Appraisal; Self-Development. Next up, she emphasized the importance of first impression and areas that have a major impact on our image like our appearance, interpersonal interactions and written interactions. Positive first impressions make communication easier and smoother while negative ones can cut off relationships even before it starts, which in turn can lead to missing out on opportunities. She also touched upon the importance of body language, the movement of our hands and eyes and balancing of our facial expressions and the importance of correct postures.**

**The conduct of personal interviews came up next. Many questions were addressed during this highly interactive segment. The number of questions asked during interviews, constitution of the panel of judges, and other fundamental details were covered. Following this, she addressed how our evaluations are primarily based on our knowledge, communication skills, goal clarity & consistency, personality and analytical skills.**

**She also elaborated about the types of questions frequently asked in interviews. Knowledge/work experience based, general knowledge, personality-related questions were discussed. She offered advice on how to respond to these queries as well as what not to say. The key to having a strong impact is answering with confidence and talking about our strengths and achievements.**

**Lastly, the room was open to the students and all doubts were cleared. Ms. Prerna concluded and outlined the workshop's key takeaways at the end. The entire event highlighted Interview skills, which are important because they give your potential employer confidence that you can perform the job duties and accomplish your daily goals. The workshop received great feedback from the students, who also made numerous requests to hold more activities of this kind.**

**Date of the Trip: 16<sup>th</sup> November, 2022**

**Time: 9 am to 2 pm**

**Venue: India Gate and National War Memorial**

**Participants: 50**

A war memorial is seen as a symbol of a nation's statures, victories as well as commemoration of the brave soldiers who sacrificed their lives for their country. In order to invoke this deep feeling of patriotism in all our members, D'lang Chaps - The Literary and Managerial Society of GTBIT, organized an educational trip to the National War Memorial, C Hexagon, India Gate on 16th November, 2022. We were accompanied by our respected teacher in-charge Dr. Seema Singh. The visit was conducted in order to celebrate National Unity Week and pay homage to the Iron Man of India, Sardar Vallabhbhai Patel who carried the banner of unity across the nation.

More than 30 members of the club witnessed the huge structures made in the honour of Indian soldiers and it was indeed a great experience. Amar Chakra (Circle of immortality), Veerta Chakra (Circle of Bravery), Tyag Chakra (Circle of Sacrifice) and Raksha Chakra (Circle of Protection) were the key features that inspired us and imbibed in us a great sense of gratitude towards our nation. The eminence of the war memorial lies in the 29,760 granite tablets installed at the Tyag Chakra with the names of the brave Indian souls. Also, the six bronze murals at Veerta Chakra truly emphasise the celebration of victory. All the representatives of DLC had a great learning experience at the National War Memorial and there couldn't be a better place to form a deep connect with our country and its soldiers' sacrifices. It also helped the members to interact better and build faithful relations and friendships. The educational trip

was a big success for the society and ended by thanking our wonderful authorities for the entire organization of the day and for their presence at the Memorial.

The day ended with the society convenor and the organising team meeting the Hon'ble Director, Dr Rominder Randhawa and apprising her of the days experiences and thanking her for her whole-hearted and boundless support and encouragement in organising the educational trip.
